## WORK HISTORY

### **Senior Designer • eROI**

*Portland, Oregon (October 2014 - March 2018)*

As senior designer, I took the lead on many creative projects for Nike, Yamaha and Intel. Responsibilities include rapid prototyping, crafting visual identity systems and delivering compelling final deliverables across a range of digital mediums. Additionally, presentation skills are critical to the success of my job as I must both sell my work as well as problem solve on the fly with our clients. Further skills include art direction, leading critiques and helping bridge the gap between the design team and development.

### **UX / UI Designer • Who**

*Portland, Oregon (November 2014 - Current)*

I oversee all UX / UI design decisions as well as the visual branding for this video calling startup. Currently undergoing a refresh on design and development, I have gained excellent UX skills and app design experience as I help craft the rollout of this unique social media experience.

### **Senior Designer • Sprockit**

*Los Angeles, California (September 2009 - March 2014)*

Responsibilities include art direction and development of a range of digital and print projects for high profile brands including Denny's, Del Taco and Carl's Jr. Specific projects include website design, print advertising and brochure design. Additional skills include social media creation, analytics, banner ads and extensive HTML/CSS development.

## EDUCATION

### **Bachelor of Arts • Graphic Design**

*Corvallis, Oregon (2007)*
